

AliWood[™]

Looks like real wood

Product Overview

About

AliWood are the experts in Aluminium Wood look products. We've created many innovative aluminium systems finished in a durable woodgrain look or powder coat finish. Our team is constantly searching globally and looking ahead to bring new designs for future projects and innovative concepts for a variety of building requirements. This is portrayed through our bespoke approach with samples, consultancy services and much more. Our products are purpose-built for each application, and are created for easy installation, minimal maintenance and amazing aesthetics! The AliWood range includes Screens, Louvres (both window & roof systems), Sound Barriers, Fencing, Decking, Gates, and more.

As an Australian owned company with over 13 years' experience, our capabilities ensure that your product is designed and delivered to your exact requirements.

Team

We have a highly skilled team with a wealth of experience to understand your exact requirements, from concept to completion and beyond.

Design & Estimating

We take the time with all our clients to listen to your ideas, needs, requests and issues, then effectively communicate with our design team. We'll do everything we can to ensure your project runs smoothly and cost effectively. Email us today to request an estimate for your project! enquiries@aliwood.com.au

Commitment

At AliWood, we are passionate about what we do. We are committed to delivering a quality, well finished product and giving each client sound advice and the best value. We understand the long term impact of providing the right solution for our clients. As an organisation, we remain committed to delivering quality outcomes with long-term benefits for our customers.

Samples

AliWood run an efficient samples library stocked with our full range. We use overnight express and generally deliver samples to your door within 24-48 hours. Custom samples are available on request.

Transport

We are a nationwide company and regularly ship to all states of Australia and beyond.

Slat Fencing

AliWood Slat Fencing is an innovative, easy-to-install, aluminium slat screening system that offers the latest in architectural style. AliWood Fencing is tough, long lasting, low maintenance and can be adapted to suit a wide variety of applications. Made from high strength, long lasting aluminium blades, the versatile system can be adapted to suit a large range of applications, limited only by your imagination. AliWood Slat Fencing is available in a timber look or powder coated finish.

Gates

AliWood Gates are manufactured to suit all required dimensions and budgets. We will forward the extrusions required for you to cut and manufacture or we will cut it up as a kit form for you. Better still, why not ask us to manufacture your gate so when it arrives its ready to hang! This isn't a problem and we service nationally. All hardware is available, colour matched caps are included, and even the wall mounted posts all pre-drilled!

Screens

AliWood specialises in manufacturing an extensive range of screens to provide innovative privacy, security and shade solutions for various applications. Our screens are custom-made and prefabricated to your specifications - we also offer complete flexibility not only in design, but also in choices of colours, styles and sizing.

Facades

The AliWood Clip On range is seen to be the fastest and easiest installation of an aluminium slat extrusion. The Clip On extrusion is available in several different sizes. These sizes can be mixed and matched to suit your design or preferred final aesthetic. The backing plate is a universal extrusion that suits all slat sizes and can be mounted to any surface by using either screws or gluing the tracking to the facade. We offer complete flexibility not only in design, but also in choices of colours, styles and sizing.

Louvres

129

AliWood louvres are designed to suit a DIY approach. Our system is easy, fast and they require minimal tools to assemble. Aliwood can supply louvre banks ready to stand, cut up as a kit form for the handy man to assemble or forward the product with a cut up list to follow. Made to measure, any size, any budget, our square edged and elliptical louvres will be perfect for you!

SkyLouvre

The AliWood unique louvre roofing system SkyLouvre is Australia's best. With the flick of a switch, the SkyLouvre can be adjusted to let light in, keep sun out, enable cross flow ventilation or protect outdoor areas from the rain. Developed for the harsh Australian climate, SkyLouvre provides a range of adjustable controlled solutions that enable people to control their environment in all seasons, climates and settings. This system has a maximum single span of 3.6 metres (length of blade) and is a fully cyclone rated and certified system! SkyLouvre creates the ability to enjoy tranquility and create a dynamic entertainment area for family and friends.

Decking

AliWood Aluminium Decking is ideal for quick installation and fire prone areas. Ideal for patios, floating floors, jetty's, and commercial applications. Our decking is ASNZ certified for 600mm centres on floor joists as well as being 100% watertight. The secret screw system allows for huge savings in installation time and comes with approvals for load bearing and nonslip standards. Manufactured to order for zero waste on commercial projects.

Sound Barrier

The AliWood Sound Barrier SB™ system uses steel 'I Beams' for roadside systems and can span 4.8 metres at a maximum height of 5 metres! AliWood SB™ will be manufactured to your specifications, ensuring no waste. One length of AliWood SB™ weighs less than 20KGs, thus installation mitigates the need for heavy machinery and expense! All our Sound Barrier Products are manufactured to 6061T6 Grade, ensuring highest quality strength is supplied and no maintenance is required. Fully engineered and approved by Department of Main Roads QLD. The AliWood Sound Barrier SB™ system is also terrific for retaining walls up to 1.2m high, raised garden beds, garden edging and fencing. Colours range from standard powder coat finishes, to wood grain finishes.

Garden Fencing

Your front garden begins with the path from your fence to your front door. The fence you select is an extension of your home and lifestyle. AliWood has a large selection of styles in aluminium fencing to help you achieve the look you require. The colour of your fence can either blend with your house or garden, or alternatively can be totally bold and new. Clean and attractive, AliWood fencing panels are made from lightweight, rust free aluminium, they are easy to install and transport.

Security Fencing

AliWood Security Fencing provides a high security option in the aluminium range of fencing, and it is one of the strongest and most secure types of aluminium fence panels on the market. Our Security Fencing Solutions are perfect for securing any compound whilst maintaining a fresh look. Not only are AliWood fences low maintenance but they also provide you with years of service. We can also manufacture to architectural specifications and custom designs. We specialise in delivering large scale commercial projects in full and on time.

Pool Fencing

A photograph of a swimming pool with a black metal fence. The fence consists of vertical bars and a horizontal rail. In the foreground, there is a stainless steel post with a curved top. The pool water is blue and reflects the sky. The ground around the pool is covered in small, light-colored pebbles.

AliWood Aluminium Pool Fencing features clean and simple lines. It is available in three stylish designs: Double Rail, Flat Top and Loop Top. Aluminium pool fencing is Australian Standards certified and approved for pool fencing. It is the ideal way to add style and safety to your pool area. Simple to install, Aluminium Pool Fencing arrives in pre-made fence panels that attach to aluminium fence posts. The posts can either be installed in-ground or ordered with a base for installing above ground. Complete your pool fence with a matching gate. They are easy to install and made from lightweight and rust free aluminum, powder coated in your specified colour.

Colours

AliWood stock several wood look timber finishes, as detailed below. As timber grain varies, so do AliWood timber grains. We do have other colours available on request.

Blackwood

Bushwood

Western Red Cedar

Snowgum

Black

White

Primrose

Mill Finish is also available, for any custom colour powder coat options.
