Just In

Arborite's aim is to curate relevant, versatile and beautiful decor collections for your home. With an eye to the design community, we are constantly introducing new colours, materials and patterns that complete Arborite's well-rounded selection.

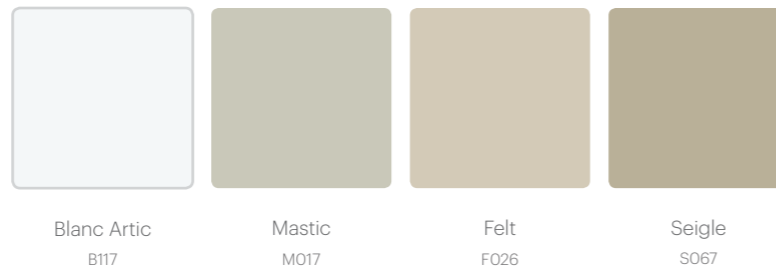

Our latest collection features neutral solids and unique and modern woods that complement and enhance our existing collection.

NEW PANEL DECORS

Solid Colours

Adaptable and on-trend, these neutrals and greys provide a versatile base to choose from, whether pairing with existing colours, patterns or woods, or designing a unique colour story.

View the complete range of Solid Colour Decors on Page 12.

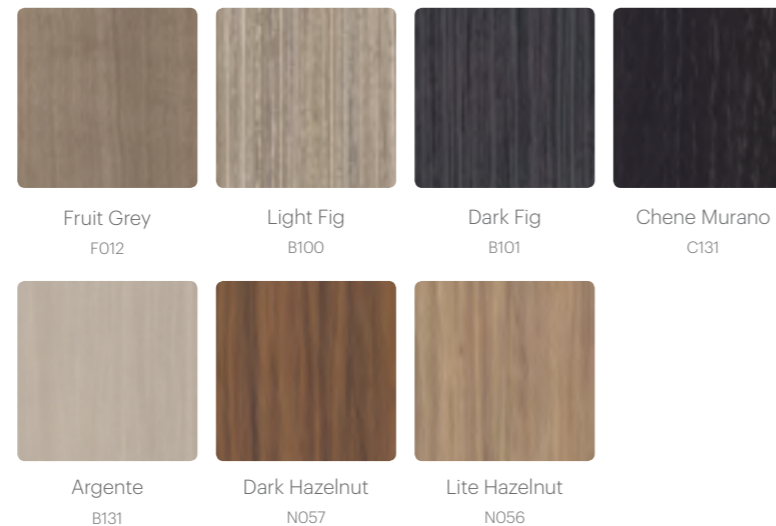

Timber Grains

Versatile and modern, these wood designs pair well with bright colours or neutral tones.

Picture how the new Timber Grains will look in your home with these life-size examples of the grain's offerings on the following pages.

Panel Finishes

Arborite features five different surface finishes across a wide range of decors – Gloss, Texture, Satin, European inspired, Eurograin & super smooth, Supermatt. These finishes will add another dimension to your surface and create endless design possibilities, along with high-performance.

SUPERMATT (SM)
A low sheen, matt finish with a super smooth feel. This finish on trend enhance both solid colours & timber grains and bring another sensory dimension to your design.

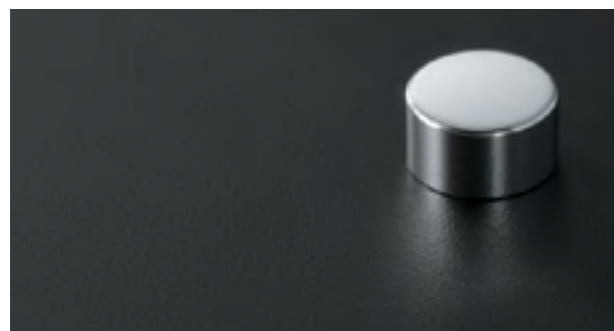

EUROGRAIN (EU)
A deep embossed finish. This finish particularly enhances timber grain decors by emphasizing their natural graining.

GLOSS (GL)
A highly polished luxurious effect with excellent reflective properties, which adds a unique touch of sophistication to dark woods and accentuates the depth of plain colours.

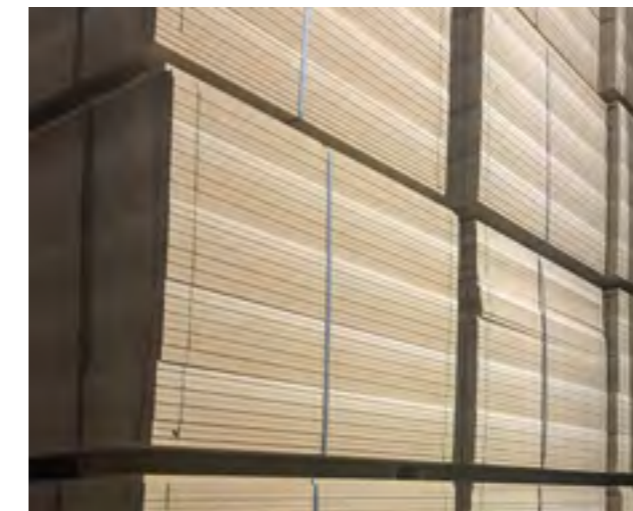

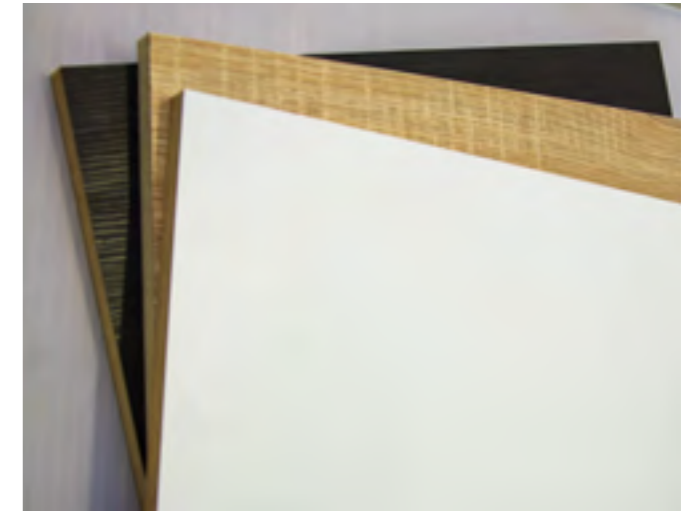

SATIN (S)
A smooth textured finish with sheen.

TEXTURE (TX)
A fine beaded finish, perfect for minimising smudges and finger marks on surfaces.

Cut-to-Size Service for Doors & Panels

Arborite offers a convenient cut to size and edge service for our range of melamine panels. Panels can be edged with ABS edgeband that has digitally matched to Arborite designs to create a square edge profile.

Substrate Options

Arborite only uses sustainably sourced, Moisture Resistant Medium Density Fibreboard (MR MDF) for use in areas with humidity or occasional water splashes, such as kitchen & bathroom cabinetry.

All Eurograin, Gloss, Satin & Texture options are stocked in 2400x1200mm 16mm MR MDF E0.

All Supermatt options are stocked in 2400x1200mm 18mm MR MDF E1.

Moisture Resistant Particleboard & other MDF thickness are available made to order.

Matching Edgeband

Arborite's best-matched edging that complements our entire Arborite Decorative Panel designs & finishes.

Available in a convenient 25m or economic 100m roll length. Please refer to the latest availability chart or visit www.arborite.com.au for size details.

Care & Maintenance

Arborite Panels require minimal maintenance. The following simple procedures can extend its original appearance.

For everyday cleaning, simply wipe the surface with a soft, damp cloth and warm water with a mild detergent; wipe dry. For stubborn stains, use an all-purpose cleaner. Whilst Arborite Panels are made of moisture resistant substrate, they are not waterproof and it is advised to immediately wipe dry liquids and avoid excessive exposure to humidity, moisture or steam.
