Benchtops & Cabinetry

Design for life.

Laminex® has been part of Australian life for more than 80 years. Our commitment to design, innovation, quality and sustainability endures. That's why we continue to produce a beautifully curated collection of decorative surfaces. They're perfect for a wide range of styles and applications, and are designed to stand up to the rigours of everyday life.

Navigating the range.

The Laminex Colour Collection is a timeless range of laminates, categorised into four décor categories: Whites & Neutrals, Woodgrains, Minerals and Accents – globally inspired and adapted for all Australians to enjoy.

Whites & Neutrals

Laminex Whites offers a range of base tones giving each shade its distinctive character. Mid tone neutrals are inspired by nature, offering raw, organic characteristics and a selection of dark colours feature deep, earthy browns through to intense charcoals and blacks.

Woodgrains

Laminex Woodgrain surfaces beautifully reflect the authentic textures and tones of solid timbers. Select from cool and neutral grey tones, through to lighter warm and darker woodgrain surfaces.

Minerals

The Minerals range is inspired by timeless marble, granite and concrete surfaces. Marble décors offer sophistication whilst our aggregates deliver a luxurious look of natural stone and quartz. Our concrete surfaces are raw and unrefined and bring a sense of lasting durability.

Accents

The Laminex Accents range is an evolving palette of décors that reflect shifting design trends. From soft delicate pastels to brilliant bolds, accent colours help lift and add impact to a space.

Flat-lays feature Laminex Chalk White, Laminex Classic Oak, Laminex Carrara Bianco and Laminex Enamel.
