Blank Spaces Not stocked, check with branch for Made To Order options											
	LARGE FORMAT COMMERCIAL SERVICE OFFER										

Nationally stocked range - check state warehouses for local availability and lead times. Specific lead times will be quoted for large volume orders.
\*Note 1: Black Impressions Nuance finish is available as 3600 x 1200 x 18mm Vertiboard® MR E0
\*Note 2: Availability of Structural MR® colours and thickness varies according to local demand. Check with your nearest branch for options available in your area.
The following bright colours are available in 3600 x 1800 x 1800 x 1800 x 25mm in Vertiboard® MR E0 available in 3600 x 1800 x 1800 x 1800 x 25mm in Vertiboard® MR E0 as single sheet in Flint finish 5 days ex Ballarat:
Juicy, Mandarin, Olympia Blue, Olympia Yellow and Pillarbox

ABSOLUTE SERIES EDGING OPTIONS

AbsoluteMatte ABS edging unglued 23 x 1mm: 25m and 50m rolls 42 x 1mm: 25m and 50m rolls

AbsoluteGrain ABS edging unglued Long Grain 23 x 1mm: 25m and 50m rolls Long Grain 42 x 1mm: 25m and 50m rolls End Grain 23 x 1mm: 10m rolls End Grain 42 x 1mm: 10m rolls

Redback® is Postforming High Pressure Laminate (HPL). \*PLEASE NOTE that Nuance finish HPL has different performance characteristics to standard Redback. Refer to the technical data sheet at laminex.com.au

laminex.com.au Lamiwood® is Moisture Resistant (MR) E0 MDF decorated board Silk Finish™ is MR E0 MDF decorated board with a Gloss finish Decorwood® is Standard E0 MDF decorated board Vertiboard® is MR E0 particleboard decorated board Structural MR® is MR E0 MDF decorated board with enhanced impact resistant surface

Where ' $\underline{o}$ t' is shown in chart this means that either thickness is available dependent on local demand. Check with your nearest branch for specific availability.

For example: Lamiwood® 16mm or 18mm means that either 16mm or 18mm is available, dependent on local demand. Check with your nearest branch for thickness availability in your area.

Edging is available in selected finishes and decors. Check with your local branch for options. Dark colours and gloss finishes are not recommended for high wear applications such as busy kitchen benchtops. These colours or finishes will show scratching more readily than lighter colours or lower gloss surfaces and require a higher level of care and maintenance.

Note: Some other items may be held at a local branch depending on local demand. Please check with your branch for availability.

Chart shows availability of ex-stock products.

For availability in other product or sheet sizes as Made To Order options call 132 136.

#### LARGE FORMAT COMMERCIAL SERVICE OFFER

• Nationally stocked range - check state warehouses for local availability and lead times. Specific lead times will be guoted for large volume orders.

\*Note 1: Black Impressions Nuance finish is available as 3600 x 1200 x 18mm Vertiboard® MR E0 \*Note 2: Availability of Structural MR® colours and thickness varies according to local demand. Check

with your nearest branch for options available in your area. The following bright colours are available in 3600 x 1800 x 18mm and 3600 x 1800 x 25mm in Vertiboard® MR E0 as single sheet in Flint finish 5 days ex Ballarat:

Juicy, Mandarin, Olympia Blue, Olympia Yellow and Pillarbox

AbsoluteMatte ABS edging unglued 23 x 1mm: 25m and 50m rolls 42 x 1mm: 25m and 50m rolls

ABSOLUTE SERIES EDGING OPTIONS AbsoluteGrain ABS edging unglued Long Grain 23 x 1mm: 25m and 50m rolls Long Grain 42 x 1mm: 25m and 50m rolls End Grain 23 x 1mm: 10m rolls End Grain 42 x 1mm: 10m rolls

#### EXPLANATIONS

 $\label{eq:redback} \ensuremath{^{\circ}}\xspace{} is Postforming High Pressure Laminate (HPL). \\ \ensuremath{^{\circ}}\xspace{} PL \$ laminex.com.au Lamiwood® is Moisture Resistant (MR) E0 MDF decorated board

Silk Finish™ is MR E0 MDF decorated board with a Gloss finish Decorwood® is Standard E0 MDF decorated board

Vertiboard® is MR E0 particleboard decorated board

Structural MR® is MR E0 MDF decorated board with enhanced impact resistant surface

Where 'or' is shown in chart this means that either thickness is available dependent on local demand. Check with your nearest branch for specific availability.

For example: Lamiwood® 16mm or 18mm means that either 16mm or 18mm is available, dependent on local demand. Check with your nearest branch for thickness availability in your area.

Edging is available in selected finishes and decors. Check with your local branch for options. Dark colours and gloss finishes are not recommended for high wear applications such as busy kitchen benchtops. These colours or finishes will show scratching more readily than lighter colours or lower gloss surfaces and require a higher level of care and maintenance.

**Note:** Some other items may be held at a local branch depending on local demand. Please check with your branch for availability.

Chart shows availability of ex-stock products.

For availability in other product or sheet sizes as Made To Order options call 132 136.

Note: All Innovations laminates are warranted for vertical use only. Please refer to the Laminex Innovations brochure and the Laminex Metallics and Innovations Technical Data Sheet for specific details regarding each decor.

# The Laminex<sup>®</sup> range Benchtops

THE FASHION BOOR

At Laminex<sup>®</sup>, inspiration comes in many colours, patterns, products and textures. In fact, there are over 195 spectacular decors available in the Laminex range. Each has the potential to warm, lighten or lift a room and can be used across a range of applications, from benchtops, doors, panels, joinery, splashbacks, wall linings and so much more.

**Colour Palette** has over 195 laminate colours designed to help you make a statement. Worthy of the most discerning projects, the Laminex<sup>®</sup> Colour Palette represents the latest in colour and design trends. The range features inspirational designs ranging from solid colours and stone look surfaces, through to the increasingly popular woodgrains, making design possibility and style potential practically endless. This guide shows the availability options for High Pressure Laminate, Board Products, Melamine and ABS Edging.

**AbsoluteMatte**<sup>®</sup> is the super-matte, luxuriously soft benchtop surface. Advanced new patent-pending technology delivers superior fingerprint and scratch resistance, coupled with natural silver ion antibacterial protection, to ensure your surface stays looking smarter and cleaner for longer.

**AbsoluteGrain**<sup>®</sup> is our realistic-touch wood grain surface, which has the beauty and feel of natural timber, enhanced with the exceptional durability and low maintenance qualities of laminate. The designs have been inspired by a range of timbers, such as salvaged planks and beamwoods, timeless oaks and rich earthy walnuts.

**Impressions<sup>™</sup> textured surfaces Spark finish** adds a depth and stylish lustre to stone patterns. Ideal for benchtops and counters, coupled with all the durability benefits of high pressure laminate. It's striking realism evokes the natural beauty of quartz at a fraction of the cost.

**Squareform® benchtops** offers a contemporary look of a stone slab, with the practicality and economy of laminate. Featuring beautifully seamless, deep square edges in a range of contemporary styles.

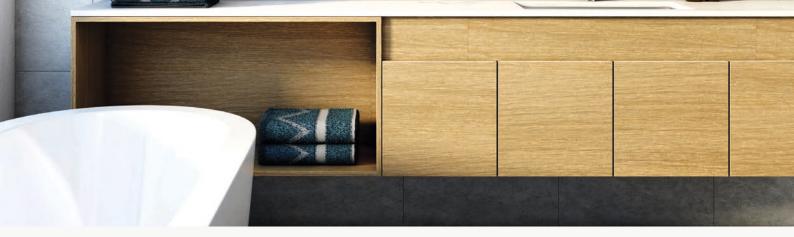

**DiamondGloss® surfaces** is a stunning high gloss finish specifically developed for horizontal applications. While requiring more care than matte finish laminates, Laminex® DiamondGloss® has superior scuff resistance and lustre compared to a standard gloss laminate, and is a stylish way to achieve an impeccable finish.

**Freestyle® Curve solid surfaces** is a luxurious satin finish which is easily repairable, thermoformable 100% acrylic solid surface, Freestyle® Curve offers the ultimate in versatility, allowing creativity in application with inventive, seamlessly joined designs.

**Freestyle® Solid surfaces** is a non-porous surface that delivers a smooth, easy-to-clean, repairable surface with seamless joins and superior resistance against stains and bacteria.

Essastone by Laminex for more information visit essastone.com.au.

# The Laminex<sup>®</sup> range Cabinetry & Panels

Lamiwood MR<sup>®</sup> is moisture resistant medium density fibreboard, factory bonded with hardwearing melamine impregnated decorative paper to both sides, suitable for use in areas of high humidity or where accidental wetting may occur. However, Lamiwood is a wood based panel and will react to changes in moisture as will natural timber.

**Impressions**<sup>™</sup> **textured surfaces** is inspired by the beauty of natural timber, Impressions offers an extensive range of distinct textured woodgrains and select solid colours. Offering an economical LPM alternative to timber veneers, our two distinct finishes, Riven and Nuance, feature realistic grain structures creating a subtle and organic aesthetic.

Silk finish<sup>™</sup> is a luxuriant glossy sheen, easy-clean surface and sleek style, Silk Finish<sup>™</sup> will add sophistication to any space. A cost-effective decorated board option when a durable, gloss finish is desired.

**Decorwood**<sup>®</sup> is medium density fibreboard bonded on both sides with a hardwearing melamine decorative surface. Decorwood can be machined and face routed using conventional wood working tools. However, Decorwood is a wood based panel and will react to changes in moisture as will natural timber.

Vertiboard® is a predecorated particleboard substrate with a hardwearing melamine surface on both sides.

**Structural MR® E0 MDF** is a moisture resistant MDF, factory laminated on both sides with a hardwearing decorative melamine surface. New surface developments give Laminex Structural MR E0 MDF superior impact resistance together with the wear and abrasion properties approaching that of high-pressure laminate.

Square Edge doors are built to withstand every day wear and tear, Laminex<sup>®</sup> Square Edge doors are proven, dependable and available in a wide range of colours, to make creating modern and balanced designs simple.

**FormWrap Doors & Panels** are created with moisture resistant MDF wrapped in thermoformable vinyl, FormWrap is the perfect addition to any Residential or Commercial space. Durable, easy to clean and with soft and smooth lines, this range includes various finishes and a number of new designer colours, including a stunning matte finish.

**ColourTech® Painted Doors** is a 2pac polyurethane painted range, which provides a striking, easy-clean finish and high level of moisture resistance, making it both a stylish and functional choice. With a comprehensive range of colours and finishes which includes high gloss, satin and textured, together with numerous profiles and frame options to create a design statement, you will be sure to find the right style to deliver an ultra-premium look.

**Timber Veneers** offer character and high-end sophistication, and provide a fantastic alternative to solid wood and have been expertly crafted to ensure quality, consistency and environmental sustainability. Available in a raw sheet or as a durable pre-finished offering, showcase the individuality of timber, coupled with the functionality and versatility of a laminate surface – perfect for delivering a premium look.

# The Laminex<sup>®</sup> range Speciality products

**Metaline®** is an innovative, easy to install aluminium-based splashback solution with a clean continuous glass-like look. Unlike glass, Metaline® is designed to be easily bent or curved for seamless corners and edges and infinite design possibilities. In addition to kitchen splashbacks, Metaline® can also be used in a range of Commercial and Residential applications such as bathroom wall linings, feature walls and curved surfaces. Metaline® features a fire retardant core that has been independently certified by SAI Global, meaning it is suitable for use behind both gas and electric cooktops.

Large Format Commercial offers a comprehensive range of colours specially selected for today's Commercial and large scale Residential project spaces. Integrating with the wider Laminex<sup>®</sup> offering, this range will help you create seamless, cost effective schemes that are always on trend.

**Compact Laminate** is an innovative and durable decorative panel made from thermosetting resins, homogeneously reinforced with cellulose fibres and manufactured under high pressure and temperature. As such, these panels are strong, self-supporting, moisture resistant and durable. Designed for a broad variety of uses both vertically and horizontally, this product comes in several ranges, each with its own particular properties, applications and colours.

**Innovations**<sup>®</sup> range of high pressure laminates with unique colours, textures and patterns, so you can create truly refined looks and inspired spaces. Covering a wide range of design options including; radiant metallic, brushed and textured finishes, silky satins, abstract designs and our award winning Plex collection – created with real metal foils.

Aquapanel<sup>®</sup> is a stylish, cost effective, hardwearing and incredibly easy to install panel for wet areas, creating the perfect backdrop for kitchen sinks, bathrooms and laundries.
