

## WOW...

100 years ago, it used to be called ironmongery - the Art of Arts.

Today it is called Zanda.

When you touch it, something happens. It is more than quality - it is...

...an experience!

## Pull Handle Turn & Lock Kits

### Are you looking for a lock that;

- Wont blow open in the wind?
- Doesn't need to be slammed closed?
- Requires no adjustment when installed?

### Look no further than these innovative lock kits from Zanda.

- A neat, low torque, compact thumbturn action that retracts a positive latch,
- Specifically designed for Australian Conditions,
- Perfect for windy areas or doors facing prevailing winds.

**1183 Round Double Turn Lock Kit**  
Free to open by Turns nib from either side unless locked. Lock operated by key from both sides. 46mm plates. 60mm backset. Finishes: BN & SC.
